

PARENT HANDBOOK

BACKGROUND INFORMATION

Hello and welcome to North Shore Neighbourhood House Daycares.

The North Shore Neighbourhood House has been meeting the child care needs of the community since 1939 and is currently the largest provider of childcare on the North Shore.

The North Shore Neighbourhood House is a non-profit, United Way community agency that provides four areas of service; Childcare, Social and Community Services, Recreation, and Community Partners.

Mission Statement

The NSNH promotes a sense of community, cooperation, tolerance and mutual understanding through the provision of programs and services designed to meet the needs of the individual and community as a whole.

CHILDCARE PHILOSOPHY

Our childcare programs are committed to nurturing and guiding young children. We are providing an environment that fosters trust, security and comfort. We strive to provide a balance of activities that help children to progress in social, emotional, physical, and cognitive development.

The programs respect and value differences recognizing that children are individuals and that every child is unique.

The program provides a safe, secure and stimulating environment for all children. It provides time and opportunities for children to explore and investigate their world and to communicate with other children and adults. The environment fosters an accepting, tolerant and flexible attitude towards others and respect for the natural world.

During these formative years children must learn how to get along in a group, to share, to problem solve in their relationship with peers and to have a positive self image. By providing a play-based program, the children develop these skills in their creative play activities. Play is child's work. It is their way of trying out rules and experimenting with life.

As well, children attending an integrated program develop a better understanding and acceptance of differences.

STAFF

All of our staff have valid First Aid Certificates and are experienced in providing quality childcare. The staff attends monthly workshops and other courses sponsored by the NSNH. The staff work rotating shifts, which ensures that proper staff/child ratios are maintained at all times.

The daycare welcomes the opportunity to participate in the practicum portion of training programs for Early Childhood Education students. The daycare supervisor coordinates with various teaching institutes (e.g. Capilano College) the placement and orientation of practicum students into the centre and ensures adequate staff supervision for the students.

All staff, substitutes and students are screened upon application and undergo a Canada – wide criminal record search.

The childcare staff are unionized with C.U.P.E. and have a Collective Agreement describing their rights and benefits.

GENERAL PROGRAM INFORMATION

The program is licensed and staffed according to the regulations of the Ministry of Health.

Our daily programs include a regular schedule of indoor activities, quiet and active play, washroom routines, snacks and lunch, and group times. Play activities include a wide variety of toys and games, dramatic play and creative and physical activities. Stories, music and discussions of interest are also included regularly. Activities are presented in small groups so that the interests and abilities of individual children can be taken into account.

Parents are an important part of our team. We have an open door policy and welcome parents to visit anytime.

Consultative services are provided by North Shore Health and other Resource Personnel who may be working on a regular basis with the children within our program. Supported Childcare consultants will support the Child Care team when necessary.

Waitlist Enrolment

The North Shore Neighbourhood House maintains a waiting list for space, which generally operates on a first come first serve basis. However, priority will be given to children of families already enrolled in the centre.

Closure Days

New Years Day	Labour Day	Victoria Day
Good Friday	Thanksgiving	Canada Day
Easter Monday	Remembrance Day	Christmas Day
BC Day	Boxing Day	Christmas Eve (4:00 pm)

PROFESSIONAL DEVELOPMENT

Every year the daycare closes the Friday, before Labour Day so that the teachers have an opportunity to set-up for the incoming September group of children. This day is used for professional development as well.

GRADUAL ENTRY

Starting at a new daycare centre is an important event in your child's life. For some children this will be their first large group experience. It is natural for children to have concerns, though they may not have the language to express their feelings. New situations can be a frightening change, which may confuse or disturb children, even those who have had previous daycare experience.

In order to assist families with the transition to a new childcare centre, gradual entry will be arranged by the program supervisor to meet the needs of that family. Gradual entry is a common childcare process where during the child's first week, they attend the centre with a gradual build up of hours each visit.

Families should be prepared to spend some time with their child during the first few days of gradual entry until the child has established a comfortable, trusting relationship with the staff. If you are unable to do this personally, friends and families are welcome to substitute for you. If the child is having difficulty adjusting to their new environment, it may be necessary for the parent to extend the gradual entry.

COMPONENTS OF THE PROGRAM**Arrival and Departure**

Please sign your child in upon arrival at the centre and out when leaving. We use the sign in sheet for attendance during fire drills and emergency situations. Therefore, a record of whether child has arrived or departed from daycare is essential.

Please call the centre by 9:30 if for any reason your child will not be attending the program that day. If you are detained and will therefore be late picking up your child, phone the centre and advise the staff when to expect you; you will be required to pay a fine. If you or an authorized person cannot pick up your child, contact the centre to authorize a specific person who will be picking up your child. The person designated to pick up your child will be required to present identification upon arrival to ensure your child's safety.

Please ensure that the staff has full information if there is legal documentation specifying custody/guardianship or limited access for your child.

Clothing and Possessions

IF you child's name is visible on his/her belongings the chance of misplaced or lost items will be reduced dramatically.

Snacks

We will provide two nutritious snacks a day – one in the morning and one in the afternoon. Snacks are accompanied with milk or water to drink.

Lunch

Families are asked to provide lunch for their children. We will heat up food items in the microwave. The centre provides milk.

Field Trips

It's part of our program to go on excursions away from the centre, either by walking, by bus or by the NSNH Bus with a licensed driver. Excursions are carefully pre-planned and supervised. Families are informed prior to excursions taking place and parental permission will be requested (with the exception of short walks within the immediate neighbourhood). There will be a small fee for some of our field trips.

Confidentiality

NSNH cannot release the address or phone numbers of children enrolled in our programs. This protects the confidentiality of personal information regarding your child.

GENERAL POLICIES

Guiding and Caring

With 'Care and Respect' describes the guidance or discipline techniques that we use at this centre. We will be available when needed by the children. We will listen and hear what the children are saying. When we look at your child, we will see a unique individual. When we communicate with your child, we will express that care by: smiling, talking, hugging, setting limits, allowing frustration, allowing exploration, and giving choices. We will give the child clear messages of how we feel and what we expect from the child, which will foster their sense of independence. Children need to know where they stand in all kinds of life situations and discipline or loving guidance is an integral part of the child's sense of security. Setting limits is an important part of the guiding and caring process. The best way to teach a child limits is to have a consistent and non-threatening approach. To this end, the staff will set reasonable limits and will support each child's growth toward self-control and social awareness.

We will respect each child's feelings and uniqueness to help them become a happy, healthy, autonomous individual.

Discipline Policy

To the staff at the NSNH discipline describes the teaching/learning process by which children develop socially and grow to maturity. Our goal is to assist children in developing self control, self confidence, and ultimately self-discipline and sensitivity to their interactions with others.

Underlying our approach is the recognition that each child is a unique individual and that the child's experience, environment, developmental level and culture influences his/her behaviour.

Behavioral guidance

Section 51 (1) A licensee must

- (a) ensure that behavioral guidance is appropriate to the age and development of the child who is receiving the guidance, and
 - (b) provide to employees and parents a written statement of the licensee's policy on behavioral guidance.
- (2) If the child has a care plan that includes instructions respecting behavioral guidance, the licensee must ensure that
- (a) any behavioral guidance given to the child is consistent with those instructions, and
 - (b) if the behavioral guidance includes the use of restraints, that the restraints are administered only by a person who is trained in the use of, and alternatives to the use of, restraints.

Harmful actions not permitted

52 (1) A licensee must ensure that a child, while under the care or supervision of the licensee, is not subjected to any of the following:

- (a) shoving, hitting or shaking by an employee or another child, or confinement or physical restraint by another child;
- (b) confinement or physical restraint by an employee, except as authorized in a child's care plan if the care plan includes instructions respecting behavioral guidance;
- (c) harsh, belittling or degrading treatment by an employee or another child, whether verbal, emotional or physical, that could humiliate the child or undermine the child's self respect;

(d) spanking or any other form of corporal punishment;

(e) separation, without supervision by a responsible adult, from other children;

(f) as a form of punishment, deprivation of meals, snacks, rest or necessary use of toilet.

(2) A licensee must ensure that a child is not, while under the care or supervision of the licensee, subjected to emotional abuse, physical abuse, sexual abuse or neglect as those terms are defined in Schedule H.

Communication of Behaviour and Expectations

Realistic expectations based on:

- i) General information – age, sex
- ii) Individual differences – developmental level, activity level, health, personality, temperament and history

CLEAR Behaviour description (be specific)

WHO does it?

WHAT he/she does

WHEN it occurs

Guidance

STAFF/PARENT(S) Need to be a:

- i) Child's level
 - Make eye contact
 - Calm, firm voice – positive statements
 - Have child repeat you instructions
 - State your expectations clear and specific limits
- ii) Be consistent, follow through
- iii) Reinforce appropriate behaviour
- iv) Encourage children to use teacher as a resource, model problem solving
- v) Anticipate – be observant, be aware of difficult situations, this allows the opportunity to anticipate potential difficulties and strategies.

Intervention when Difficult Behaviour Occurs:

Techniques and strategies used:

1. Withholding attention or ignoring: using only in response to behaviors that are “attention seeking”

2. Redirect (to appropriate activity): change circumstances or environment which cause unwanted behaviour offer choice when appropriate.
3. Natural and Logical Consequences: Natural consequences result “naturally” from inappropriate behaviour choices. Adult does not intervene SAFETY must be take into account. Children must be protected from decisions that would have dangerous or overly serious consequences.

Logical consequences are related or are somehow fitting for the particular behaviour. Logical consequences are imposed by the adult i.e.: a child who is pushing other children off a climbing toy is not allowed to play on if for ___ minutes. Once child has experienced the consequence, do not lecture or sympathize.

When a child’s loss of control and the ability to reason causes him or her to become a safety hazard to him/herself or others, a caregiver may assist the child to prevent injury. Parent would be informed if this occurred in the program.

Outside the Community Assistance

If a child’s behaviour is not appropriate and can not be controlled by using the above mentioned strategies, outside consultation and community support services may be called upon to give input and suggestions to assist parents and staff. This procedure is to help the child develop a sense of self-worth and success and should be ultimately for the child not the adults.

Illness

Children who are not well enough to participate in all program activities, both indoor and outdoor, should be at home.

If your child contracts a communicable disease, notify the centre at once so that other families can be alerted. A doctor’s written health clearance will be required before a child returns following a communicable disease.

The following are definite indicators that a child should NOT be at daycare.

- 1 A developing or acute cold with fever, runny nose and/or eye, coughing, sore throat. Once temperature, energy and well-being are normal, coughing and runny nose may continue without the child being infectious.
2. Fever over 100 degrees Fahrenheit (38 degrees Centigrade).
3. Communicable disease, infected skin or undiagnosed result – whether or not a child is infectious requires verification by the child’s doctor (i.e.: the rash could be measles, scabies, etc.) so other families can be informed and take precautions.
- 4 Vomiting or Diarrhea– Because children often become ill rapidly, it’s essential that families can be reached during childcare hours. If the parent cannot be

available, and alternate emergency contact should be designated. In the event that a child becomes ill, the centre staff will isolate and care for the child until the parent arrives. While every effort will be taken to maintain a healthy environment, it's important for families to plan alternate arrangements in the event of their child's illness.

Emergency Situations

IF your child is seriously injured or becomes ill while at daycare, you will be notified by telephone immediately. If necessary your alternative contact person will be called. In an emergency we will call a taxi or ambulance and a staff member will accompany your child to the hospital.

All staff maintains first-aid certification and fire evacuation drills are held once a month at the centre.

Fire evacuation drills are practiced once a month in the centre. Evacuation plans are posted near the fire exits.

Medication

NSNH staff will administer prescription drugs to children. Families are required to provide:

- a written authorization, including the dosage and times any drug is to be given and;
- medication in the original container, clearly labeled with child's name, name of drug, and the dosage, the date of the purchase, and instructions for storage and administration of the drug.

Conflict Resolution

Families are encouraged to discuss any questions or concerns they have regarding their child or the program with the centre staff. If concerns arise between an individual staff and a family they are encouraged to confront the Supervisor or Program Manager of Childcare.

If a resolution cannot be reached the Director of Child Care Services will become part of the resolution process.

FINANCIAL INFORMATION AND POLICIES

Fees

Upon registration in a North Shore Neighbourhood House Childcare program you will be required to pay an annual membership fee of \$15.00. Membership in the agency entitles you to vote at the Annual General Meetings of the Board of Directors and to participate in programs offered by the agency.

Monthly fees are due on the first of the month to the accountant. Post dated cheques are encouraged, payable on the first of every month.

North Shore Neighbourhood House daycares and out of school care programs are part of the Child Care Operating Funding Program by the Ministry of Community, Aboriginal and Women's Services.

Subsidy

To be considered for childcare subsidy refers to the Provincial Government Blue Pages of the BC Telephone Directory, and locate the nearest Ministry for Children & Families office to your home. You may be eligible for subsidy depending on the number of people in your family and the net family income. If your family is eligible for subsidy, an authorization form will be given to you by the MCF Financial Worker. This form needs to be given to the Supervisor at the daycare to initiate the process. The accountant will then determine the balance of your fee payable. Families will be notified by the centre before authorization renewal is required.

Late Pick-up

Late fines apply to families when the child is picked up after 5:45 pm. The child will not be taken out of the centre by at the end of the day. If a child is not picked up by 8:00 pm, he/she is considered abandoned and, if a family member has not contact the centre, staff must carry out the following procedures:

- A staff member will phone your home or play of employment. If there is no answer the alternate person listed on your registration form will be contacted.
- If no one can be contacted, the Ministry of Children and Families will be called to come and pick up your child.
- Children will not be sent home in taxis, nor will they be driven home by staff.

If a child is picked up late the following procedures is as followed:

1. First late pick-up - a notice is sent home to parents to remind them of our closing time.
2. Second late pick-up – a notice is sent to parents stating that they were late picking up their child. **Late fee is \$1.00 per minute after 5:45 pm**
3. Third late pick-up, services will be withdrawn.

Withdrawal of a Child

One month's written notice is required when withdrawing from childcare. Payment of one month's fees may be given in lieu of notice.

If a child is withdrawn for any period of time, their name may be placed on the waitlist for re-admission upon request. Spaces cannot be saved or reserved for returning children. If a family wishes to maintain a space for any absence, the family will be required to pay for their space.

Has your child been affected by alcohol or substance abuse? If so how? _____

Does your child receive any other support?

Is there any other information that we should know regarding your child to better serve them?

Dear Parent or Guardian:

- A. I give my permission for my children to accompany staff on short neighbourhood trips, i.e. Lonsdale Quay, NSNH, library and local parks, etc. I understand that my children may walk or take public transportation for these outings, or be driven in the NSNH Van.
- B. I give permission for the use of photographs, films, slides, video tapes of my children taken during the program for educational and / or promotional purposes within the community. This may also include various electronic mediums (e.g. NSNH Website). I understand that names of the children will not be published without my express written permission.
- C. In case of an emergency, I _____, authorize the staff of the NSNH to call an ambulance or to take my child _____ to the nearest emergency centre. I understand that should such an emergency arise, I or my emergency contact (when I cannot be reached) will be notified immediately. I agree that any cost for such services shall be my responsibility.
- D. I acknowledge that from time to time this centre has volunteers and/or students.

I give my permission for A _____ B _____ C _____ D _____
 (Please initial) (Please initial) (Please initial) (Please initial) (Please initial)

REGARDING MY CHILD

1. To bring my child in to the centre, not just to the front door and, to sign my child in and out each day.
2. To pick up my child by 5:45 pm. In an emergency if I am going to be late, I will make arrangements for someone to pick up my child. I will let the centre staff know who this person will be.
3. To notify the staff by letter or telephone if my child is to be picked up by someone other than those persons listed on my child's enrollment form. I understand that the staff will not release my child if this procedure is not followed.
4. To notify the supervisor of the centre of changes in my address, phone number, or place of employment. I will also up-date emergency information on my child's enrollment form as it is necessary.
5. To provide my child with appropriate clothing. I will put my child's name on all of his/her belongings.
6. Fee structure and/ or policies of the centre are subject to change on 30 days notice.
7. To discuss with the Director or Program Manager of Childcare of any concerns regarding the care of my child, fee, payment, or any other issue relating to the service given by the agency.
8. \$1.00 per minute late fee will be charged and is payable upon pick up of my child.
9. Constant late pick up of my child may be cause for termination of childcare.

Date: _____ Name of Child: _____

Signature of Parent/ Guardian: _____

REGARDING THE HEALTH OF MY CHILD:

1. I WILL NOT SEND MY CHILD TO THE CENTRE when he/she is ill. I will notify the staff if my child is to be absent. In the event of my child having a communicable illness, I will adhere to the centre policy and bring a Doctor's certificate for my child when he/she is able to return to the centre.
2. That the staff will give no medication unless the medication has been prescribed by a doctor and in a prescription bottle. This includes aspirin, cough and/ or cold medication.
3. I understand that if my child is well enough to attend the centre he/ she is well enough to play outdoors. Children play outside each day and this time is important to their well being.
4. To pay the full fee each month when my child is away, this will hold my child's place in the centre (ie: holiday, illness, etc.).
5. To join the membership of the NSNH and to pay the annual fee of _____. This membership is payable at the date of enrollment. Membership in the agency entitles me to a vote at the Annual General Meeting of the Board of Directors and to participate in programs offered by the agency. I understand that the membership is mandatory as the NSNH is a registered non-profit society.

PROCEDURE FOR RELEASE OF YOUR CHILD FROM

North Shore Neighbourhood House Child Care Programs

Community Care Facility Act, Child Care Regulations, Section 19

- (1) The licensee must ensure that a child is not released from a facility to anyone except**
 - (a) the parent of the child, or**
 - (b) a person authorized under sec. (19)**
- (2) The licensee must have clear written policies and procedures to guide staff actions when**
 - (a) a person described in subsection (1)**
 - (i) appears incapable of providing safe care, or**
 - (ii) does not arrive to pick up the child, or**
 - (b) a person not described in subsection (1) requests the release of the child from the facility.**

North Shore Neighbourhood House Policy

- 1. If the person picking up the child is not on the list of authorized persons, staff will attempt to contact the parents or guardians for verbal authorization. If this is not successful, staff will not release the child.**
- 2. If the parent or person picking up the child does not appear to be capable of providing safe care, before releasing the child staff will discuss safe options, offer to call a family member, friend or taxi, to assist and ensure the safety of the child, or call the appropriate authorities if necessary.**
- 3. If the person picking up the child does not arrive for the child, staff will keep the child with them on the premises, when possible. When this is not possible, staff will call the emergency contact persons or other authorized persons to pick up the child.**

++Alternative Pick-Up

Families must tell the staff if a child is to be picked up by another person who is on the registration form. If an emergency happens during the day, the family can call the staff and tell them of another authorized person who will pick up the child.

If an unauthorized person arrives to pick up the child, the staff will not release the child and will stay with the child until the parent or guardian is reached. The parent or guardian will be reminded of the pick-up policy. If the parent/guardian gives permission over the phone to release the child, the staff will need information about the person (name, address, telephone number and a physical description). The pick-up person will need to provide photo identification to the staff and be expected to sign the child out. The staff will write down the time of the call and information shared.

If there are any problems, all reasonable efforts will be made to ensure the safety of the child, other children and the staff. The staff, if necessary, may need to call the appropriate authorities for assistance.

Alleged Impaired Authorized Pick-Up

It is the staff's legal responsibility, to the extent that it is possible, not to release a child to a person who is unable to care for a child.

If an authorized person is driving a vehicle and it seems like (s)he is unable to care for the child – staff will explain that driving in a state of impairment is unsafe, and staff are

obligated to ensure the safety and well-being of the children. If the presumed impaired person chooses to get into the vehicle with the child and drive away, staff will immediately notify the police. Staff is required to notify Management, and if it is deemed the child is in need of protection the Emergency Services of the Ministry of Children and Family Development will also be contacted. The staff will record this in the child's files. Should this happen again, a team meeting (with parent/guardian) will be called to discuss solutions.

Children will not be sent home by taxis, nor will they be driven home by staff.

Late Pick-Up

Late fines apply to families when the child is picked up after 5:45 pm. The child will not be taken out of the centre at the end of the day. If a child is not picked up by 8:00 pm, (s)he is considered abandoned and, if a family member has not contacted the centre, staff must carry out the following procedures:

1. A staff member will phone your home or place of employment. If there is no answer the alternate person(s) listed on your registration form or emergency contact card will be contacted.
2. If no one can be contacted, the Ministry of Children and Family Services will be called to come and pick up your child.
3. Children will not be sent home in taxis, nor will they be driven home by staff.

If a child is picked up late the following procedures are followed:

1. First late pick-up – a notice is sent home to parents to remind them of our closing time.
2. Second late pick-up – a notice is sent to parents stating that they were late picking up their child. Late fee is \$1.00 per minute after 5:45pm.
3. Third late pick-up, services will be withdrawn.

LICENSED CHILDCARE FACILITY IMMUNIZATION HISTORY FORM
PLEASE COMPLETE AND RETURN THIS FORM PROMPTLY TO COMPLETE YOUR
REGISTRATION PROCEDURE

In order to protect the health of your child and the health of other children, all parents or guardians of children seeking admission to any Licensed Childcare Facility in the jurisdiction of North or West Vancouver must provide a statement of their child's immunization. This form **MUST** be returned to the facility.

I understand that all information provided will be entered into the BC Public Health Information System (database). This allows Vancouver Coastal Health to access the level of immunization within the entire preschool population and allows for quick and easy access of information should there be a communicable disease outbreak. This information may be provided by the facility to Vancouver Coastal Health by means of a class list that includes child's legal name, date of birth and address. The information is collected and shared as per the Freedom of Information & Protection of Privacy Act (FOIPPA) and the Personal Information Protection Act (PIPA) of B.C. This information will only be used for the purposes identified on this form.

New Child to this facility: Fill out Part A and B

Returning Child to this facility: Fill out Part A only: Part B if new immunizations need to be added to the child's existing record.
